ABOUT ME

A software developer with experience in Software Testing, which serves as a vital foundation for detailed requirement analysis and high-precision delivery. Expert in designing prototypes with Figma, focusing on functional logic before developing modern, high-performance frontends using Next.js and React.

Additionally, proficient in building backend systems with Node.js and managing databases efficiently (SQL Server, PostgreSQL, MySQL) to create stable, aesthetic solutions that truly meet user needs.

EDUCATION

RAJAMANGALA UNIVERSITY OF TECHNOLOGY SUVARNABHUMI - SUPHANBURI

Bachelor of Science in Digital Business Technology GPA: 3.43
2022 - 2024

SAHAVITH BUSINESS ADMINISTRATION TECHNOLOGY COLLEGE

Associate Degree in Information Technology
2018 - 2020

WORK EXPERIENCE

JULY 2024-NOW

SOFTWARE TESTER & PROGRAMMER

THE EXPERTISE CO,LTD.

Software Tester (1 Year)

- Analyzed requirements to design UI/UX prototypes and wireframes.
- Developed comprehensive test cases and test scenarios based on business logic.
- Performed API testing using Postman to ensure seamless integration.
- Executed SQL queries on SQL Server for data validation and backend testing.
- Contributed to high-impact projects for government agencies.

Programmer (6 months - now)

- Developed government web applications using Next.js with a focus on responsive design.
- Processed and cleaned large datasets using Python to support public sector projects.
- Assisted in project bidding and provided technical support for end-users.

NOV 2023 - MAR 2024

PROGRAMMER (TRAINEE)

THE EXPERTISE CO,LTD.

- Developed Online Attendance System using ASP.NET Web Forms and SQL Server.
- Managed database design and server-side logic for employee time tracking.
- Designed and developed Company Profile website using Next.js and Tailwind CSS.
- Created a responsive, minimalist UI to enhance brand identity and online presence.

JAN 2020

DEVELOPER INTERN

SOFT SQUARE INTERNATIONAL CO., LTD.

- Learned web development fundamentals in HTML, CSS, and JavaScript.
- Developed an Inventory Management System using MySQL for database management.

SKILLS

- HTML
- CSS
- Bootstrap
- React
- Tailwind
- JavaScript
- TypeScript
- Next.js

Backend Development

- Node.js
- C#.net
- Python
- MySQL
- PostgreSQL
- MongoDB
- SQL Server

Tools & Dev Operations

- GitHub
- VSCode
- Visual Studio 2022
- Postman
- Figma
- Draw.io

Professional Skills

- Systematic Thinking
- Continuous Learning
- Problem-Solving
- Integrity & Reliability
- Research & Collaboration
